

Bible Drill Is for Kids!

Sarah Arrambide
Children's Minister
FBC Midland

Wouldn't it be nice if there was a place where kids could intentionally develop Bible skills with the help of caring adults? That place could be your church! Bible Drill exists to develop biblical memory skills for children in 4th through 12th grade. Churches that provide the Bible Drill program do a great job of helping children and youth learn how to navigate through the Bible. It is a tool to help children learn verses and passages and gain an understanding of how the Bible is put together. Kids who participate in the Bible Drill program learn skills that stay with them for the rest of their lives and it lays a foundation for the study of God's Word.

Bible Drill does involve commitment and effort, but it yields eternal value for everyone who participates. Bible Drill participants benefit by ultimately knowing God's word and finding out what His word says about them, about His creation, and about who He is. Bible Drill helps kids grow spiritually, because they are not only memorizing words, they are putting God inspired words in their heart, and those words will remain with them for the remainder of their lives. While participants are working on meeting their Bible Drill goals, they are also connecting with God. They will be able to draw wisdom from God's word in the future! Churches benefit from Bible Drill because they develop disciples who will hopefully develop disciples. They are also developing leaders who will use what they learned in Bible Drill to reach others for Christ.
