JANUARY 26-27, 2024

**TEXAS BAPTISTS®**  
Center for Church Health  
Music & Worship

# WELCOME

On behalf of the Music & Worship Ministry at Texas Baptists, I am so thankful you have joined us! I am excited as we once again gather, learn, network and are inspired by our great team of leaders.

Hebrews 3:4 is our Scripture theme this year, “For every house is built by someone, but the Builder of all things is God.” What a great reminder that God has things under control as we try to train up the next generation on the importance of worship.

Thank you for making this event a priority to raise up that group. Thanks for all you do in your church and know that I’m praying for you in 2024!

Soli Deo Gloria,

**Tom Tillman**

## BREAKOUTS

**Friday 3:15 p.m.**

---

### Building Blocks for a Successful Preschool Music Time

*Carol Dickerson*

*Come and discover the latest songs and activities for your preschool singers in the Growing in Grace Preschool Music Curriculum. They will have fun while learning important musical and spiritual concepts. [Preschool]*

### Organizing – Optimizing – All the Zings of Choir

*Susan Eernisse*

*Are you finding it hard to squeeze everything into each week's rehearsal? We'll look at some practical ways to make the most of every minute – time management, planning, selecting and organizing materials and much more! [Grades 1-6]*

### No Instruments? Let's Use Our Body!

*Karen Gosselin*

*Tried and true activities that require no additional stuff! With or without music to add some spice into your choir time... use as brain breaks...incorporate them into your choir time... however you choose. Let's play! [Grades 1-6]*

# Building Through Hands-on Learning

**Katheron Latham**

*Explore using games, visuals and handheld manipulatives to build an atmosphere where children with multiple learning styles can thrive and develop their own worship skills.*

**[All Ages]**

## Building Up Worshiping Children: A Theological Foundation (Psalm 127)

**Andrew Pressley**

*Beginning with Psalm 127, this session will explore the biblical call to disciple children to be active and informed worshipers of Jesus Christ. Come to be encouraged and inspired by a biblical call to raise up our kids and take home some notes to help you advance the cause of children's music and worship education (perhaps even among your church's leadership!).*

**[All Ages]**

## Making Melody: Children's Singing and Vocal Development

**Lynette Vincent**

*Children sing as part of their play; it is an expression of joy and creativity. However, some of the children you teach may be pre-singers, they may speak when they think they are singing. Vocal exploration activities and fun small group and solo singing opportunities promote children finding their head voices and allow teachers to assess children's vocal development. Participants will leave with an understanding of children's vocal characteristics and vocal development as well as activities to promote head voice singing and musicality.*

*Ephesians 5:19* **[All ages]**

**\*This class is repeated on Saturday at 11:45**

### BREAKOUTS

**Friday 4:45 p.m.**

---

## Musical Production Blueprint

**Yana Cisco**

*Putting on a musical can revolutionize your program and we have a blueprint to help you with the process. We'll help you select a musical for small or large groups, young singers and experienced or blended choir. We'll cover topics including developing a timeline of musical "construction," anticipating important check points and overcoming common roadblocks. **[Grades 1-6]***

# Building Blocks for a Successful Elementary Music Time

# Scarves, Parachutes, Balls, Sticks

**Karen Gosselin**

*Let's have some fun with stuff! Tricks and plans to incorporate “stuff” into your game plan of choir. Can't get those boys to come? This is the “stuff” they really like! And the girls like it too! [All ages]*

**\*This class is repeated on Saturday at 11:45**

# Choirs Under Construction

**Teri Van Duyn**

*Every construction project includes four basic elements to ensure the structure's sustainability. This workshop will use those four principles as applied to children's choir. Attendees will leave with a strong understanding of requirements needed to build a choir program that will stand the test of time.*

**[Grades 1-6]**

**\*This class is repeated on Saturday at 11:45**

# Order in the Chaos: Structure in Preschool Music Settings

**Lynette Vincent**

*Preschool music settings can seem chaotic. Schedule and activities may contribute structure to preschool choir settings or music times. Psalm 100:4 [Preschool]*

**Andrew Pressley**

*Building on the theological foundation laid in the first breakout, this session will provide tangible and accessible ideas for the task of raising up children to be active and informed worshipers of Jesus Christ. # SPEAKERS & CLINICIANS

## Yana Cisco

*Yana Cisco was born and raised in Kiev, Ukraine. She came to United States at the age of 16 on full ride college scholarship, completed her education with honors and began a successful career in finance. Although she was raised in a musical family and fine arts school, her musical career did not start until she signed up her first-born daughter for church choir and volunteered to help. That same year she found herself directing her daughter's choir and coordinating a rapidly growing children's music program. She is currently serving her 15th year at Christ Chapel Bible Church and finds great joy watching her students grow from a shy kindergartener to a confident high school worship leader. Having a background in business gives her a different approach to planning and unique strategies for leading and inspiring her team. Her other passion is claiming the culture of arts for God's glory. Yana currently oversees all youth drama and musical programs and directs three youth choirs (grades K-8). She produces two to three musicals or showcase programs per year and co-directs a week-long MusiCamp outreach event for over 500 children each summer. When not busy with her own show, Yana and her husband love to support their daughters in their stage craft with careers in professional ballet and musical theater. Some of her favorite memories are shows they have participated in together as a family.*

Carol was the pianist, children's choir coordinator, and preschool choir director for Woodmont Baptist Church in Nashville, Tennessee, for twenty-two years. What fun and exciting years these have been. Teri is passionate about planting truth into children's hearts through the songs they sing and the programs they present. Each program is accompanied by a devotion book that teaches scripture and life application for each song.*

*Teri is also a certified Biblical counselor at her church and helps support Next-Gen Ministries. Prior to coming on staff, Teri served in children's choirs and adult choirs, worked as an administrative assistant, MS/HS teacher, substitute teacher, ran a home-based business, and volunteered in several capacities in community, school and church. Teri studied education, administration and voice at Trinity Baptist College. Music and drama have been a passion since Teri was in her teens.*

*Teri has been married to Brian for 32 years (this February).
