Our current primary task and strategy is to prayerfully and broadly share the good news, using the gospel itself as the filter to find the people God is already preparing. We focus primarily on three main coastal cities where people come from surrounding villages for work, tourism, medical needs, education, etc. We also desire to gain access to the surrounding, unengaged rural areas, through focusing on reaching college-aged students that come from the countryside to study. You will be playing a vital role in our team goal and strategy as you seek to engage this strategic segment of the population – college-aged students. You will help put on English camps, travel with our team to some other focus cities, and engage with people along the way. Be Salt and Light

MISSION FOCUS: Camp, Children, Teaching English

DATE: May 20 - July 26, 2024, Orientation May 17 - 19, 2024

Spain is a top tourist destination, renowned for its beautiful scenery, multiple fiestas, and friendly people, yet classified as “unreached” by missions researchers. You will have the opportunity to experience this firsthand while having the chance to touch people with the gospel. You will serve at the Centre which also hosts the Colegio Alfa y Omega, an Evangelical school, which is not, by law, allowed to be overtly Evangelical. That’s why the testimony of the team in Alfa y Omega is so important. Your primary responsibility will be to learn to serve. This will include cleaning, gardening, helping to teach children, or looking after children. Most native English speakers have multiple opportunities to work with children. If you don’t speak Spanish, you will learn through immersion. You will be able to show the love of Jesus to kids and their parents from all over the world, since the school has an international clientele. In addition, you will experience living in close Christian community with other young people, worshipping with the local congregation while making new life-long friends. The Centro Alfa y Omega is on the Mediterranean coast, with a mountainous backdrop that allows for great leisure time activities.
