NOTE FROM WMU PRESIDENT

As I think about the phrase, *Together, we are Texas Missions*, I can't help but think just how true it is. *Together*. That is such a powerful word.

Together communicates oneness. The past two years have reminded us of the importance of being together. We are able to accomplish so much more as we pray and plan together.

Together communicates strength. Being together encourages us to tackle just about anything that comes our way. We can encourage each other to stand strong as we work together to reach our state with the gospel.

Missions is meeting needs and sharing the love of Christ with others. We cannot do it alone. We must work together. We are on mission, together.

I hope to see all of you in in Plano on April 21-22 for Pursue 2023: Together.
